

David Booher is from Middlebourne West Virginia. He started his FFA career his freshman year in the Tyler FFA Chapter. His Advisors were Mr. Leon Ammons and Mrs. Annie Erwin. It took a little bit of time during his freshman year to really take off with the FFA. After he started his career he never found something he didn't like. This year David hopes to encourage members to participate in everything they possibly can and to take a chance on every opportunity presented.

During his time in his home chapter, David served as Parliamentarian and President. He competed in many contests as well. Those contests included Forestry, Food Science, Floriculture, Parliamentary Procedure, and Land Judging / Homesite Evaluation. He and his team mates have competed nationally in Parliamentary Procedure and Land Judging / Homesite Evaluation. David has many SAE projects. Some of those include Ham & Bacon Hogs, Market Hogs, and Agricultural Processing. Working in the chapters greenhouses was another great experience he enjoyed. Outside of FFA, David enjoys the outdoors. His favorite activities are hunting Whitetail Bucks, Fishing, Turkey hunting, and bow hunting.

David is currently attending Potomac State College and is studying Agricultural Education and Extension. He hopes to take his career to inspire youth to better agriculture and make them outstanding members in the FFA and their communities.
