

Johnny Slattman is from Good Hope, WV where he attended South Harrison High School. He joined the FFA as a sophomore when his advisor Mr. Matt Knopp approached him about joining an AG class. As soon as he got into the program he realized he found where he belonged. After joining the AG program at South Harrison he learned of the FFA and immediately was interested in getting more involved.

He joined and became his chapter's vice president his junior year and moved on to become the chapter president his senior year. During his time serving his chapter he was able to explore many different avenues of agriculture and see all of the amazing things the FFA had to offer. He is the first state officer from South Harrison since 1982 and attributes all of his success to his advisor for pushing him forward and supporting him to be the best he could be.
